The Aeolus AE33 features an aggressive, self-cleaning, non-directional tread design that delivers high traction in demanding applications such as mines and rock /sand yards. The combination of transverse and circumferential grooves provides excellent lateral traction while maintaining superior flotation characteristics.

**Features & Benefits:**

- Wear and cut resistant tread compound
- Aggressive, non-directional tread design
- Excellent flotation
- Superior durability and reduced cost per hour

**Applications:**

- Rigid dump trucks
